CSV Reader

Use this node to read CSV files into your workflow. The node will produce a data table with numbers and types of columns guessed automatically.

External resources: No links have been added yet

Ports | Options | View

Output ports

Type: Table

Name: File Table

Data table based on the file being read with numbers and types of columns guessed automatically.

File System Connection (Dynamic Import)

The file system connection.

Type: File System

Name: File System

Extension

KNIME Base nodes provided by KNIME AG, Zurich, Switzerland

CSV Reader configuration:

File Mode: File

Files in folders

Source: C:\Users\Rembrandt\Content\Downloads\New folder (...)

File Format

Skip first lines of file: 0

Comment line character: #

Row delimiter: Line break

Column delimiter: .

Quoted strings contain no row delimiters
